

Classic *Square Edge*

The traditional self-edge profile is both clean and crisp. The perfect 90° profile is a timeless original, desirable in both Commercial and Residential settings.

Classic Edge

Expect More from VT Dimensions

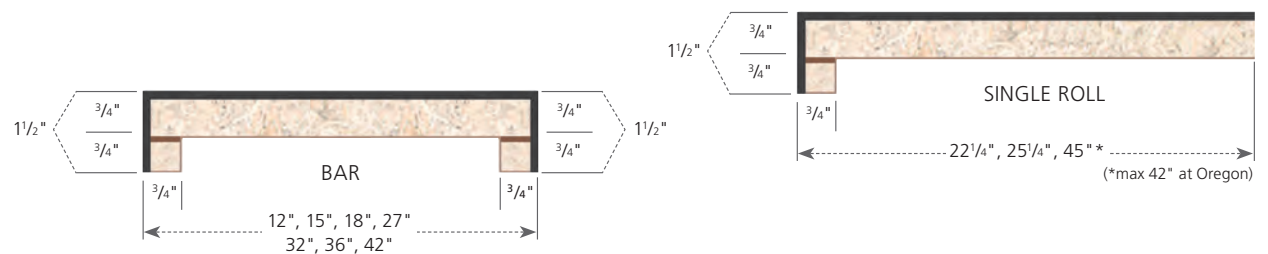

The Classic edge profile adds dimensional beauty and character to VT Dimensions countertops. More than just a flat surface, VT Dimensions bring everything together into one seamless and contoured offering—with the depth, the style, and seamless edge you want.

One source. Many beautiful looks. Only from VT.
