

You have selected a substrate of plywood for your order. It is important that as a Buyer and/or an End Fabricator, you are informed of the potential liability possibly affecting the performance or appearance of your countertops and/or panels.

- WHILE PLYWOOD IS SOMETIMES USED AS A DECK MATERIAL FOR COUNTERTOPS (USUALLY ON HUD SPECIFICATIONS) OR A CORE FOR PANELS, IT SHOULD BE NOTED THAT TELEGRAPHING OF THE GRAINING OF THE PLYWOOD AS WELL AS JOINT MARKS ON PIECES OVER 96" MAY BE NOTICEABLE. THIS WILL VARY WITH THE COLOR AND PATTERN OF LAMINATE SELECTED.
- COUNTERTOPS WILL BE CONSTRUCTED USING PLYWOOD OR OTHER HARDWOODS FOR THE NOSE AND SCRIBE STICK. COVE STICK MAY BE MADE OF PARTICLE BOARD.
- VT WILL NOT ASSUME ANY LIABILITY ON PLYWOOD PANEL COMPONENTS WHICH ARE LAID UP USING POST-FORM, VERTICAL GRADE LAMINATE, TO INCLUDE CABINET LINER GRADE HPL, DUE TO THE POSSIBILITY OF TELEGRAPHING AND CONTAMINANT RELEASING OF THE PLYWOOD GRAIN.

I (WE) have read the above information and understand that VT Industries, Inc. will not accept or be held responsible for any liability of any potential telegraphing of the graining on the plywood as described above for current and future plywood substrate orders. I (WE) have also advised any necessary Customers, Buyers, Fabricators, or End Users of the quoted products of the above information.

This disclaimer will cover the period of orders submitted for plywood substrates from:

\_\_\_\_\_ to \_\_\_\_\_

**NAME OF COMPANY:** \_\_\_\_\_

**SIGNATURE:** \_\_\_\_\_ **DATE** \_\_\_\_\_

**TITLE:** \_\_\_\_\_

\*Panels are limited based on site. The term non-standard is based on applications not recommended by the Wood Working Industry and/or Manufactures of Raw Materials.
