

CONCEALED STOPS & CLOSERS APPROVED FOR 20-, 45-, 60-,  
AND 90-MINUTE POSITIVE PRESSURE FIRE DOORS

---

VT can offer concealed stops and closers on 20-, 45-, 60-, and 90-minute positive pressure fire doors. Hardware device must be listed and labeled. Track maximum cut out is 1-1/2" deep x 23-5/8" long x 1-5/16" wide. Dimensions listed include fire shield or intumescent package.

The fire doors require a Fire Composite top rail blocking with intumescent.
