

MATCHING ACROSS ADJACENT OR RELATED OPENINGS

VT offers options for set matching or similar color & grain for matching across adjacent or related openings.

Capabilities, Restrictions, Rules:

- VT does not provide Blueprint or Room Matching, in lieu of these requests, VT offers Similar Color & Grain or Set Matching (with limitations) as an alternate

Similar Color & Grain:

- VT offers this option as an alternate to Blueprint and Room Match requests
- Unavailable on natural birch or natural maple (including heartwood and sapwood)
- No minimum quantity
- Tolerance to hold is easier on smaller jobs (10/20 faces per log)
- No match and assembly preferences
- Similar color is within the mid-range color of veneer for industry standards
- Extended lead times exist

Set Matching:

- VT offers this option as an alternate to Blueprint and Room Match requests
- Neenah – available up to 6 doors per set
- Two Rivers – available up to 8 doors per set
- Holstein – available up to 4 doors per set
