The Right Products

Precisely TAILORED

Precisely tailored, the Forward by VT product line-up offers a solution for the market's most-requested species, sizes, and hardware requirements. With nine veneer species, six high pressure decorative laminate options, a variety of standard and custom door sizes, and a wide range of fire-ratings, the Forward by VT door line up ensures that we have product on-hand and ready-to-ship when you need it.

Factory Finishes

Always UV CURED

Forward by VT doors are available in any of VT Industries' standard factory finish options. Each door features a durable, UV cured factory finish to meet WDMA TR-8 and AWS System 9 standards.

Factory finished plain sliced red oak veneer

Flush Wood Veneer Doors

Forward by VT offers today's most popular flush wood veneer door options providing a stylish wood appearance with an upscale design. With our most sought-after veneer selections, we're confident we have the perfect flush wood veneer door for your project.

Upscale DESIGN

Specialty Doors

Forward by VT also offers a line of specialty doors including options for full, square, and extra blocking to allow more flexibility for unique applications and door sizing.

Unique APPLICATIONS

Commercial Paintable Surface

Commercial grade paintable surface doors from Forward by VT add depth to the product portfolio and are a cost-effective choice. They bring design versatility and budget flexibility to projects that need it most.

Cost EFFECTIVE

High Pressure Decorative Laminate Doors

Beautifully CONSISTENT

High pressure decorative laminate doors are a great solution when visual consistency and durability are required. Available in thousands of color and patterns and offer proven durability and cleanability for high-touch and high-traffic zones.

Molded Panel Doors

Forward by VT's collection of molded panel doors, available in an array of flat and raised panel elevations, provide a stylish and affordable alternative to flush doors. These doors arrive primed and ready to paint, helping drive efficiency and to move your projects forward.

Elevated STYLE
