

Barcelona *Contemporary Ogee*

The striking edge contours of Barcelona make an impression from first sight. A double-waterfall edge that emulates natural stone surfaces adds distinction and flair—perfect for classic and modern designs. VT Dimensions and the Barcelona edge offer a luxurious stone look with less maintenance, more durability—and more budget flexibility—than stone materials.

Barcelona Contemporary Ogee

Expect More from VT Dimensions

Bring together modern style, intriguing depth, and the seamless edge you want with the beautifully contoured look of VT Dimensions countertops.

Beyond the beauty, you'll have the assurance of knowing VT fabricates the whole countertop from top to bottom—not just the laminate surface—for consistent quality and service. And you get a 1-year warranty you can count on.

One source. Many beautiful looks. Only from VT.

Edge: Barcelona

Laminate: Florence Gold

Wilsonart® 1873-35
